

Billing and Ownership Information

Precertification Policy

I understand that any requirement for completion of insurance precertification is MY responsibility. The Valley Surgery Center managing company, Associated Physician Partners will assist with precertification but will not assume responsibility for precertification or any impact that it may have on insurance payments.

Statement to Permit Payment of Facility and Medical Insurance Benefits

I authorize insurance benefits, payable on my behalf or otherwise payable to me, to be paid directly to the Valley Surgery Center managing company, Associated Physician Partners. I authorize physician benefits, payable on my behalf or payable to me, to be made to the physician(s) responsible for my care. I understand that I am responsible for any charges not covered by this assignment. I authorize Associated Physician Partners to release information required by my insurance company and/or health plan to file a valid claim for payment for my procedure.

Payment for Care

I (the patient or the undersigned custodian) am financially responsible for any deductible, co-payment, and all charges for services or goods not paid for by health care benefits, plans, or entitlements. The undersigned agrees to pay to the Valley Surgery Center managing company, Associated Physician Partners all amounts due in consideration of services and supplies rendered to the patient by the facility. Charges for services or goods will be at Valley Surgery Center managing company, Associated Physician Partners billed charge rates unless otherwise agreed to by Valley Surgery Center managing company, Associated Physician Partners in advance.
